INFORMATION DISCLOSURE STATEMENT

Listed on accompanying Form PTO-1449 are documents that may be considered material to the examination of this application, in compliance with the duty of disclosure requirements of 37 C.F.R. §§ 1.56, 1.97 and 1.98.

Where the publication date of a listed document does not provide a month of publication, the year of publication of the listed document is sufficiently earlier than the effective U.S. filing date and any foreign priority date so that the month of publication is not in issue. Applicants have listed publication dates on the attached PTO-1449 based on information presently available to the undersigned. However, the listed publication dates should not be construed as an admission that the information was actually published on the date indicated.

These publications are listed on the attached PTO form 1449 and are reference manuals/books provided in connection with the PowerPC family of microprocessors. For convenience of the Examiner, only partial copies of these manuals have been submitted. However, the copies include complete copies of the Table of

Contents for these manuals. The partial copies are believed to include the most relevant portions of these manuals with respect to the claimed invention. However, if other portions or complete copies of either or both of these manuals are desired, it is respectfully requested that the undersigned attorney be contacted so that they may be promptly provided.

The Examiner is specifically requested not to rely solely on the material submitted herewith. It is further understood that the Examiner will consider information that had been cited by or submitted to the U.S. Patent and Trademark Office in a prior application relied on under 35 U.S.C. § 120. 1138 OG 37, 38 (May 19, 1992).
